RED HATS GIVEN NEW AMERICAN CARDINALS BY POPE

By HENRY WOOD
(United Press Staff Correspondent)

ROME, March 27.—Amid all the gorgeous splendor and pageantry of Roman Catholicism, Cardinals Hayes and Mundelein today received from Pope Pius, XI, the red hats that signify their elevation to the rank of Princes of the Church.

St. Peter's where the ceremony was performed, was jammed with a tremendous throng, including hundreds of Americans privileged to watch their countrymen, who started together as poor boys on the Lower East Side of New York, receive the highest honors within the power of the Pontiff to bestow.

Cardinal Mundelein received his red hat at 10:42 a. m., Cardinal Hayes his at 1045 a. m.

The scene at St. Peter's equally in brilliancy and coloring the coronation of the present Pope two years ago.

Members of the Sacred College came to the Vatican wearing their traditional violet robes. These they exchanged in the San Sebastiano chapel for ermine capes, before going to the Holy Trinity chapel to await arrival of the Pontiff.

Carried in State on the Sedia Gestatoria, surrounded by the Papal court, His Holiness entered St. Peter's directly from the Vatican.

There awaited him patriarch, archbishops and bishops, Roman Princes, heads of religious orders such as the Jesuits, Benedictines and Franciscans, scores of prelates and dignitaries, entitled by their rank to attend, and the entire Vatican diplomatic corps.

The new cardinals, cynosure of all eyes, were dressed in their full regalia of office as Princes of the church, with exception of the red hats. They wore red berettas, conferred upon them by the Pope yesterday.

Cardinals Hayes and Mundelein were escorted first to the Santa Pietoronial chapel.

There, in the presence of the Sacred College, the Camerlingos and heads of the religious orders they took the cardinal's oath, prior to the final ceremony.

It was only after receiving their hats from the hands of His Holiness that the new Princes were in possession of the complete cardinals' regalia.

The concluding ceremony in the elevation of Hayes and Mundelein to the cardinalate took place in St. Peter's, in view of many thousands. Fifty thousand persons were crowded into the basilica, but many of these were not able to witness the actual ceremony, or do more than catch a glimpse of the gorgeous procession as it passed.

Individual tribunes near the Papal throne held members of the Pope's family, the Roman nobility, the diplomatic corps, Knights of Malta and others entitled by centuries of tradition to private stands at Vatican functions.

It was the first time such a ceremony had been held in the basilica.

From early dawn, a great mass of humanity—Eastern tourist pilgrims from all parts of the world, Americans, Italians, all nations—elbowing each other in the narrow medieval streets, streamed toward St. Peters.

Mingled in the throng were priests, nuns and monks. Bright colored costumes distinguished the various national seminary groups the Germans in flaming red, the Americans in black robes, with red tassels.

By the time Pontiff's procession passed from the Vatican to St. Peter's, there was not an inch of room and very little breathing space in the edifice.

His Holiness was assisted to the gorgeous red plush and gilded throne, facing an elb enclosure that was arranged for the Sacred College.

As soon as the Pope had descended from the Sedia Gestatoria and mounted the throne, deans of the Sacred College escorted Hayes and Mundelein from the chapel where they had taken the oath to the Papal throne.

While a choir chanted in the distance, the American cardinals made three profound reverences as they approached the Pontiff. They each kissed his foot and hand and turning, received an embrace from the cardinal who had escorted them thither.

The new cardinals then went to their stalls with the rest of the Sacred College. Following preparatory rights and charts, the master of ponitifical ceremonies, and the master of the pontificial wardrobe escorted Hayes and Mundelein to the foot of the Papal throne.

There Pope Pius bestowed the red hats, in a brief ceremony, first upon Mundelein and a few minutes after upon Hayes.

After an apostolic benediction, His Holiness mounted upon the Sedia Gestatoria and the entire Sacred College, with the new cardinals falling into their places, reformed a cortage and escorted the Pontiff back to the Vatican.

91 PERSONS ARE LISTED AMONG MISSING IN VILLAGE

AMALFI, Italy, March 27.—Ninety one were killed and the lives of many tourists, including Americans, were imperriled when a series of landslides devastated villages on the Gulf of Salerno, was officially announced.

NAPLES, March 27.—Seventy persons were killed in a landslide in the Amalfi district on the Gulf of Salerno yesterday, a check-up on casualties showed today. Three towns Vettico, where fifty lives were lost; Praino, and Conca Marina, were partly wiped out.

Carabiners, sailors and militiamen have been rushed to the relief of the stricken area. Two destroyers in the Gulf played searchlights on the devastated region throughout the night. The Government is taking action to relieve the sufferers.

Five were killed at Amalfi; ten at Conca Marina and five at Praino.

Poincare Works With Friends In Come Back Plan

PARIS, March 27.—Raymond Poincare today busied himself with visits to friends and the chairman of various Government committees, preparatory to announcing his decision on whether he would resume the premiership.

On his way to the Elysee to call upon President Millerand at noon, Poincare said:

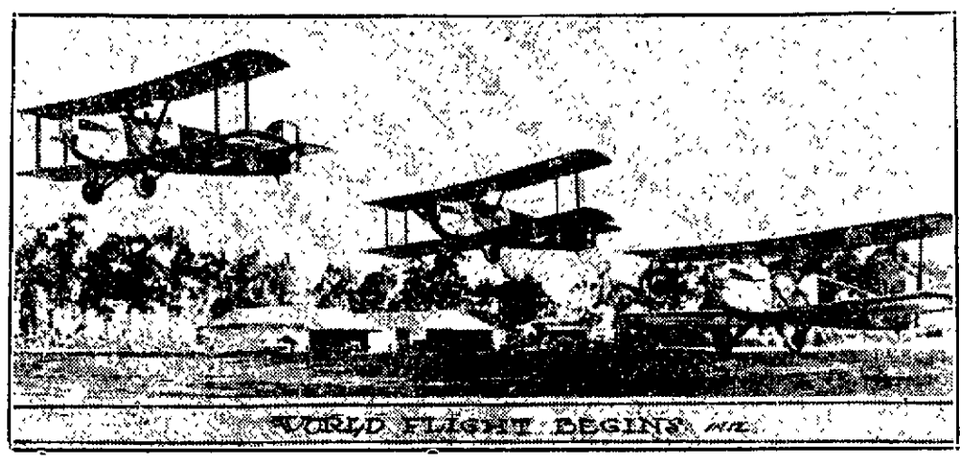
"I am not yet ready to gve a definite reply. I will resume my efforts this afternoon."

By those in intimate touch with the situation, it was believed a new Poincare Cabinet would be constituted by evening.

MERIDIAN, Texas, March 27.—Sixty coeds of Meridian Junior Methodiat college here were forced from their dormiotry in scanty night attire when the bulding burned down during the night. Several girls were slightly injured when they leaped from second story windows. Approximately $30,000 damage was done by the flames.

SNYDER, Texas, March 27.—Judge M. Rosser, a prominent West Texan and a former legislator, died at his home here today. The funeral will be held Friday.

TAKE-OFF IN GREAT 'ROUND-THE-WORLD FLIGHT.



The above is a remarkable view of the take-off of the three U. S. Army air cruisers at Clover Field, Santa Monica, Cal., on the first leg of their epoch-making flight around the world. The fourth ship in the squadron joined these three at Seattle, where pontoons replaced landing wheels for the flight over Alaska and on toward Japan.

CLEAN UP MEXIA IS SLOGAN NOW AS ALL ARE AT WORK

Mexia's clean up and beautification campaign is going forward with a vim. Hundreds of home keepers are busy in their yards and about their premises daily, cleaning up and getting the lawns in shape for the club meeting next week which is to bring hundreds of visitors to this city.

Dr. W. R. Hodges, representing the City Sanitary Department, sites that the city has two wagons and about ten men at work. They have finished on Ross Avenue and are working today on South McKinney Street.

R. D. Morgan talked at the negro schools Wednesday and the negroes are to clean up their parts of the community.

Dr. Hodges states that additional trucks and wagons can be used Saturday whe nthe wagons og out to haul all garbage to the incinerating plant south of town.

Anyone who will volunteer this aid is urged to report at the City Hall at 8 o'clock Saturday morning.

WASHINGTON, March 27.—The Senate Daugherty committee refused today to let Roxie Stinson name five men she said made $33,000,000 in Sinclair oil deal. Daugherty's counsel intimated that a president of the United States was among them and demanded the right to go into the matter. The committee refused because Daugherty is not involved.

FLYING CIRCUS TO DRAW BIG CROWD TO MEXIA

The Flying Circus to be held, southeast of Mexia on the Point Enterprise road, Sunday afternoon at 3:30 promises to be an unusual spectacle that will attract throngs from all over the section to the vantage point on the large pasture over which the five feature acts will be given by several of the most expert fliers in the country.

Four planes will be here for the event.

H. L. Kindred, son of Mr. and Mrs. T. A. Kindred of this city and well known here, an aviator of many years experience and among the best, will participate with the stunt which few aviators attempt, that of shutting off his motor, and gliding to a landing. Mr. Kindred states that he never saw the stunt and never attempted it until forced to one day while high in the air when his engines and propellers stopped and he engineered the plane safely to the ground. Since then he has performed this stunt hundreds of times in exhibition flights.

P. D. McLain, lecturer, will explain all of the features, and practically every stunt known to aviation will furnish the entertainment for the occasion.

Another of the five features will be the race formation; another flying acrobatics; another plane walking and the fifth a parachute jump.

H. L. Kindred, Clarance Reynolds and Reginald Robbins will drive three of the planes, while a fourth, Errett Williams will bring to Meixa one of the largest passenger planes in the country with a capacity of three passengers and the pilot.

Frank Armstrong, champion parachute jumper of the United States, will participate with his act of the program which will last about two hours.

Interest Grows In Meeting Of Adult Classes

Much interest is being manifested in the plans underway for the Sunday School meet next Sunday morning, when the adult classes of the Sunday schols of the churches in Mexia meet in union service at 9:45 at the First Christian church. Dr. Hyer, president emeritus of Southern Methodist University of Dallas, will address this representative gathering of Sunday school students. The members of these classes are urged to make note of the time and place of meeting and to be there on time. A cordial invitation is extended to any visitors who wish to be present.

Heavyweight Challenger Coming from Chile.

QUINTIN R. ROJAS

South America has developed another "Wild Bull," who will soon come to North America to take on the best of the heavyweight fighters, with an eye to securing a match with Jack Dempsey. He is Quintin Romero Rojas, of Santiago, Chile, champion heavyweight of that nation.

FIRE FUGITIVES LEAP TO NETS FROM FOURTH STORY

HOUSTON, Texas, March 27.—Clinging to the window ledges of Dr. Penn Thornton's sanitarium on the fourth floor of an office building in the heart of the business district until flames beating upon them from behind forced them to leap to safety, two women and a man were slightly injured when they jumped to a life net early today. They were:

Mrs. Lurline Bordeaux, a nurse, whose back was wrenched.

Miss G. W. Franklin, a nurse, who suffered a few minor bruises.

Dr. W. R. Sneed, dentist, occupant of the building, whose back was wrenched.

N. Burns suffered slightly from smoke escaping from the building.

The injured jumper from the fourth story to a life net which was spread over an awning at the third story.

PARIS, March 27.—Ramond Poincare today definitely accepted an invitation from President Millerand to form a new cabinet. Poincare consulted men who are to be ministers in the reconstructed government and visited Millerand late today, informing the latter that he would resume the office of premier.

WASHINGTON, March 27.—The indictment of Mal Daugherty, brother of the attorney general, for contempt because of his failure to produce records before the Daugherty investigation committee, was sought in a motion by Senator Wheeler, chief prosecutor. Wheeler asked the committee to report to the Senate that Daugherty and C. P. Ballard cashier of the Commercial Bank, failed to produce the records demanded in a subpoena served upon them.

DOCUMENTS ARE RELATIVE TO MEXICAN AFFAIR

WASHINGTON, March 27.—President Coolidge was requested to formally force Daugherty to turn over to the Senate investigating committee the Department of Justice flies on Mexican gun running in 1921. The flat refusal of Daugherty to furnish the documents caused the committee to take the action in executive session. The documents relate to the revolt of Former Governor Estaban Cantu of Lower California against President Obregon of Mexico.

Mike McTigue Is Ready For Fight With Gene Tuney

By HENRY L. FARRELL

NEW YORK, March 27.—"As soon as I get through with that Young Stribling in Newark next Monday, I'm going out and make the others take a back step who have been calling me a back stepper," Mke McTigue, the world's light-heavyweight champion said today.

"I beat him in Georgia with one good hand against his two and with two goods mitts I know I'll take him," he said. "And I'm all ready to go out after the others.

"Gene Tunney is the first on my list. He's been saying that I'm yellow and I'm going to make him prove that I'm not. If Gene Tunney is the best fghter that I have to beat I'll die the champion and a good one."

BETTER ROADS, MOTORS AND SCHOOLS.

There will cease to be a rural education problem when the time comes that all sections of the country are traversed by well-paved highways, according to the National Automobile Chamber of Commerce. The soluton is the consolidation of one-room school and the use of motor transportation to carry the children.

Much illiteracy still exists in the United States and one of the gravest of our economic problems is education, according to statistics compiled by Frank P. Graves, New York Commissioner of Education. According to these statistics as yet about one-fourth of the total rural school enrollment and 45 per cent of the rural teaching corps are housed in one-room schools of the crudest sort. There are upward of 200,000 of these one-room buildings in the United States, and a fairly large percentage of them were constructed at least 40 years ago, despite the fact that school architecture and equipment have been advancing by leaps and bounds during that time. Four-fifths of them have no provisions for heating and ventilation, except the old unjacketed stove and the rickety windows and nine-tenths of the build ings are not properly lighted.

In at least 90 per cent the seating is poor and unadjustable, and often where the seats could be arranged to suit the pupil, this has never been given consideration. Where in the cities some four-ffths of the teachers have had at least the minimum amount of standard training—that is, two years beyond the high school—in the country less than one-twentieth have so qualified and the turn-over in rural teachers each year is just about 50 per cent.

Consolidated Schools

One of the most effective answers to such conditions has been found in the consolidated school, in which many children can be accommadate, brought from miles around and returned to their homes by the motor bus.

But this solution to the problem of how to get good rural education is possible only where there are good roads. In the days to come, when national highways gridiron this country, as they undoubtedly will, there will be no problem of rural education.

According to the National Automobile Chamber of Commerce, the consolidated school movement began in Massachusetts in the early '70s. For many years horse-drawn vehicles were then used in carrying children to and from school within a radius of seven miles. Parents gradually began to see the many advantages of the larger schools over the old "little red schoolhouse."

Motor Bus Use

With the motor bus children are now transported for fifteen or eighteen miles in an hour. School districts have increased in size, extending to 50, 75 or 100 square miles in area. With this development has come large modern school buildings, improved equipment and specially trained instructors equal to that of the best city schools. Motorized school busses make possible these large, modern rural "school plants." They tend to reduce the costs and to give children better opportunities for education.

The consolidation movement has grown to such proportions that many normal scholos and colleges are giving special courses preparing superintendents to manage fleets of motor bussess transporting children to and from consolidated school.

WASHINGTON, March 27.—A constitutional amendment enabling congress to enact antichild labor legislation has been favorably reported by the House Judiciary committee. The Supreme court has hold that congress under the constitution does not have power to regulate child labor.

NEWS FROM OUR NEIGHBORS

GROESBECK, Texas, March 27.—The Groesbeck Gun Club has recently reorganized and is going in to develop a winning team. In fact some of the leaders believe they have the material to make one of the best teams in Central Texas, and are now working to that end. They have just installed one of the best clay pigeon traps that is on the market and expect to put on a two days shooting tournament real soon. The members are working out regularly and expect to be in first class trim by the time their tournament is pulled off.

Will Tubbs of Waco, Deputy Game, Fish, and Oyster Commissioner for this district was here Tuesday looking after the enforcement of laws reinting to his department and also for the purpose of assisting in the organization of a County Game Protective Association. While here he delivered one pair of Mexican Bob White quails which were placed on a game preserve and promised protection for two years. These birds were brought out of Mexico as an experiment to try to restock the country with game birds and Tubbs thinks that in case the experiment is successful a more generous supply can be had another year. He received these birds from Mexico about three weeks ago, forty eight in number, and this was the last pair he had to place. The birds were in excellent condition and seemed as active when released as if they had never been penned up.

Knights of Pythias Regular Meet Tonite

Travis Lodge No. 20, Knights of Pythias will hold its regular weekly meeting tonight at 7:30 and will have something of importance for the members. Special Deputy Grand Chancellor Baker of Houston has been here for several days working among the members, putting a little pep into the ledge and will have something of interest to tell the members, and all are urged to attend.

C. I. A. Orchestra To Play For The Rotary Meeting

DENTON, Texas, March 27.—One of the features of the annual convention of the thirteenth district, Rotary International, which will convene in Wichita Falls April 2, 3 and 4 will be an orchestra composed of students from the College of Industrial Arts. They will accompany the Denton delegation which will leave this city Tuesday night on a special Pullman, to be used to shelter the Denton Rotarians during their stay in the oil city. Dr. F. M. Bralley, president of the College of Industrial Arts, is a candidate for governor of the 13th district.

The C. I. A. orchestra has been promised a piano in the lobby of the Kemp Hotel, where it is probable the Denton delegation will sing group songs during various recesses in the program. The C. I. A. orchestra plays for the weekly luncheons of the local Rotary Club, and is attendant upon all the meetings. It is composed of Ethel Kuhlman of Houston, Louise Kidpath of Ardmore, Oklahoma, Margaret Cochrum of Groesbeck, and Margaret Peavy of Lufkin.

Hair You Envy

I offer you what brought it
By Edna Wallace Hopper

My hair is the envy of thousands who see it, on the stage and elsewhere. It is heavy, silky, lustrous—far finer than 40 years ago. I have never had falling hair or dandruff, never a touch of gray. Yet my age is 62.

I owe this to a formula which French experts made for me. I have supplied it to many friends. It has brought to them what it brought to me—luxuriant heads of hair. Now, by countless requests, I am placing this formula within every woman's reach. Men are also welcome to it.

Use an Eye Dropper

I call this formula my Hair Youth. One applies it with an eye dropper, directly to the scalp. Apply just enough to dampen the scalp. This takes but a minute and it does not muss the hair.

It attacks the hardened oil and dandruff, which stifle the hair roots. It cleans the scalp, stimulates and fertilizes. Then hair flourishes as flowers thrive in a well-kept garden.

Hair troubles come from stifled hair roots. Gray hair comes from lack of pigment. The way to prevent these troubles, to make hair thrive, is to cultivate the scalp. The best ways science knows to do that are embodied in Hair Youth.

Worth a Fortune.

My Hair Youth has been worth a fortune to me. My hair is now, and always has been, my chief glory. I have so many friends who obtained like results, that I count this formula a boon which all should have. So I have placed it at every woman's call.

Edna Wallace Hopper's Hair Youth is now supplied by all druggists and toilet counters. Price, 50c and $1 with eye dropper. They also supply my Youth Cream. Also my Facial Youth—my famous liquid clenser. Also my White Youth Clay—the last word in facial clay. My Beauty Book comes with each.

See what my Hair Youth does for your hair. You will be delighted. Then I think you will want the other helps which did so much for me. Edna Wallace Hopper, 536 Lake Shore Drive, Chicago. (adv.)

The Deciding Factor— Buick Character

Ask some of your friends who own Buicks what they most admire in their cars. You will get a number of different answers. Yet in the end most Buick owners will agree that it is hard to place one Buick point of excellence above another—that what they value most in Buick is, after all, Buick character. If you already are not an owner, you can get an idea of Buick character by letting us give you a ride in the model you prefer. Suit your own convenience as to time.

Merchants Face Problems Daily

This article is written by a party that knows the situation existing in Mexia and speaking for the fellow with an average income and various business men in all lines, the subject is simply this, Money. I am confronted every day with complaints from loyal men in small business, struggling to make ends meet, with demands made on them with all kinds of schemes to extract money from their small profits made out of their business. They are confronted by the banker who says this is a worthy cause, or by some leading oil men whose money flows into their pockets day after day or by some lady perhaps. All of these demands place this man in a position that makes him have to dig. Then comes along the grafter and he has no protection from the grafter, as unfortunately, we have no committee to make them go before presenting their proposition. They are turned loose on the street to graft on the public. The merchants are called on every day to dig and at the same time they are doing more for the city than they are given credit for. They advertise their goods daily and at the same time sell Mexia to Mexia. There should be some plan worked out to cope with this situation, as the load is getting too heavy for their sore backs. When these plans of various kinds are presented, there should be some one on the committee that has some conception of the amount they should expect from each business and not make it appear that an assessment has been made. No man likes to say he has been assessed so much and we have formed another habit here which a good banker will say is right, that of permitting your bank account to be drafted upon. This is asking a privilege that might sometime put a man in an embarrassing situation and good banks will not honor overdrafts without arrangement that is satisfactory to them. A good fellow is alright. We all like him. But he can't always solve the business man's problems. Now my suggestion is: give the small man 20 minutes to rest and let him land as he is all up in the air.

LULING PROMISING FOR J. K. HUGHES

The News has just received the following letter from its Luling correspondent.

Rejoice all ye faithful Mexiaites or otherwise in belief in the luck or future of the J. K. Hughes Developing Company. Dark clouds have hovered for ever so long with a frequent break et intervals, yet the present appears to be in the sea of Good Luck and the troubled waters will be soothed with that liquid balm called oil. It most assuredly looks like the troubed days are over and J. K. Hughes will again sit on the top of the world with his J. K. Hughes Developing Company. I just cannot remember that old saying of "Luck" but let it suffice to say that the "I's and "We's" have passed and it now looks like the rare good judgement of a young man named Hill who in the month of January was sent into Luling of Caldwell county and the continuation into Guadulupe county and the result the acquisition of some of the choicest acreage in the extension of Guadulupe county. Mr. M. T Hill has shown unusual good judgement in his choice and undoubtedly Mr. Hughes is to be congratulated with his choice of buyer. In only a few days now it looks like the J. K. Hughes Developing Company will startle the world for in all probability liquid gold will be flowing from well No. 1 on the J. A. Allen lease into those three new red 1,000 barrel tanks that are almost completed on the lease The No. 2 location is rigging up and will soon be grinding its way to those depths of the sand of liquid gold. No. 3 is a derrick and will also be rigged up in a few days. This is a real valuable lease and should be watched by all the stockholders. So good is the said lease that only last Saturday The Texas Company culminated a deal for the adjoining acreage at a fancy price, and already have one derrick in course of construction and another on the location of No. 2.

The J. K. Hughes Developing Company have acquired 50 acres on the J. K. Allen land and 42 acres of the B. A. Harris tract, both of which are in a stones throw of producers. Their No. 3 lease is further southeast in Guadulupe extension, it being fifty acres of the B. A. Adams tract.

They have two locations made on the Harris lease and the derrick is almost completed on their No. 1 of said lease.

So rejoice all ye and pull and if old Mother Earth will give up her liquid gold it looks like it wont be long before the dividends will be going out to the stockholders of the J. K. Hughes Developing Company which no doubt will be appreciated by its goodly numbers and who in turn enjoy the fruits of Mr. Hill's good judgment.

There is no question of Luling's being a field, a real oil field bearing a reputation that few others of recent date bear. Most all the wells there are flowing naturally and very few on the pump. There seems to be little need of dry holes as the line even to the extension seems to be clearly defined. That is true in the oil field and extensions there are 46 derricks completed, 6 flowing wells, one of which broke loose, spewing oil all through the earth, finally bridging and flowing in in a new location two hundred feet from the well. There is one dry hole on the line of extension and one that has a chance to be dry because of location.

DAYS OF LONG AGO

"The Covered Wagon" a Picture of Life on the Prairies

The old days so famous for adventure and down in history as the days of the birth of the American nation, have been turned back and are with us again in "The Covered Wagon," James Cruze's latest Paramount production which will be shown at the Palace Theatre in Corsicana, Thursday, April 3rd. The great stretch of the western plains forms a most magnificent background, and five hundred or more covered wagons or "prairie schooners," add greatness to this colossal picture. True, it is a love story, but this one is different. It is a love tale of the desert wastes, long and enduring with its thrilling climax, leading to the reunion of the young couple, played by Lois Wilson and J. Warren Kerrigan, in a frontier homestead in Oregon. "The Covered Wagon" eclipses anything in pictures.

Rocks Made To Talk By Houston Bound Visitors

HOUSTON, Texas, March 27.—"Let rocks their silence break—"

Long ago these words range from the school room during the music lesson period. Now, between Thursday and Saturday of this week, geologists from all over America will be in Houston to discuss the language of the rocks—for the secrets have been found.

The visitors are members of the American Association of Petroleum Geologists, most of them employes or associate consultants of big oil companies. A few micropalentologists—beg pardon, geologists who take the rocks apart under a miscroscope—will be among the more distinguished ones present.

Miss Hedgewock Kinker, Miss Alva Ellisor and Mrs. P. L. Applin are preparing a technical paper on "The Subsurface Stratigraphy of the Coastal Plains of Texas and Louisiana" for presentation to the convention. This will be read at the Thursday session at the Rice hotel.

One of the most interesting characters to attend the meeting is Miss Rebecca Masterson, who spends considerable time in far-off places, where she tests for oil. Only a chauffeur and a young woman companion accompany her on most of her trips. She has had eight years of field practice and is considered an expert.

Papers covering the work of oil geologists in foreign lands as well as several pertaining to the salt dome construction of the Texas coastal fields will be read before the convention.

The Horn Hill Basketball team defeated the Willow Springs team for the second time in a game played on the Willow Springs court. The score stood 34to 4.

Says His Prescription Has Powerful Influence Over Rheumatism

HAS ALSO PROVEN REMARKABLY SUCCESSFUL IN SEVERE CASE OF RHEUMATIC NEURITIS.

Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery which he called Allenrhu, to other who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. He has therefore instructed druggists everywhere to dispense Allenrhu with the understanding that if the first pint bottle does not show the way to complete recovery he will gladly return your money without comment.—(Adv.)

Battle of Flowers At San Antonio on San Jacinto Day

SAN ANTONIO, Texas, March 27.—Fiesta San Jacinto, the crowning accomplishment of this city's yearly civic entertainment program, will this year feature, besides the annual Battle of Flowers and Fiesta attractions, the National Balloon Race, America's most spectacular event with a program of aerial meneuvers at Kelly Field which has probably never been duplicated in America's air service annuals.

Already the outstanding air pilots of the United States, including H. E. Honeywell, who has made more than four hundred balloon ascensions and taken part in the international Gordon Bennett Race have entered their balloons. The Army is sending its outstanding pilots, and has entered three lighter-than-air ships, each of 80,000 cubic feet capacity, to be piloted by men who have had years of experience in aeronautics.

The greatest interest is being manifested throughout America in this year's National Balloon Race, because of the fact that there is every indication that the world's record will be broken. Never has the race been staged at a point where the air currents are likely to carry the racers over so great an expanse of territory, with so few elements of danger. Meterologists have pointed out that the air currents from San Antonio drift in the direction of the Ohio valley and thence towards the mouth of the St. Lawrence River. The distance that can be covered with the minimum danger, far exceeds the greatest milage recorded in the International race.

The Balloon race will be the crowning event of Fiesta Week, and this year San Antonio is to add to the program that has for years been so attractive to the American people, a mammoth Automobile Parade and Display, illustrating the evolution of the motor driven vehicle, and a gorgeous Electrical Parade, as well as a School Queens Parade, as the closing event of the week.

Special rates have been granted between points in Texas, the lowest rates being for the Battle of Flowers, on points within 150 miles of San Antonio, including Palestine, Houston, Laredo, Del Rio and intermediate points, with an especially popular rate for the Battle of Flowers of three-fourths of one way fare for round trip.

The monthly meeting of W. M. N. of the first Baptist church met in the Ladies parlors Monday afternoon at 3 o'clock. A large number of women were present and enjoyed the program which was given by Circle No. 3.

Subject: Our Southland.

Song: America.

Scripture Reading: Mrs. Tidwell.

Glory of the Southland: Mrs. Kerzee.

Work in the South among Indians, Negroes and Foreigners: Mrs. Hight.

Work of Sanitariums: Mrs. Phillips

Mrs. Tidwell closed the program in speaking of the opportunities for work in our own town and urged and stressed the great need for paying full our 75 Million pledge in order that the work of the master might be accomplished, here at home and to the utermost parts of the earth.

Mrs. Dunaway, vice president of the W. M. N. called the meeting to order for a short business meeting after which a social hour was enjoyed by all.

LUNCHEON SALAD

1 envelope Gelatine
1 Cup cold water.
1½ cups boiling water.
½ cup lemon juice.
½ cup sugar.
3 tart apples.
- cup celery, cut in small pieces.
½ cup pecan nut meats.

Soak gelatine in cold water five minutes, and desolve in boiling water. Add lemon juice and sugar. When mixture begins to stiffen, add apples, sliced in small pieces, chopped celery and broken nut meats. Turn into mold, first dipped in cold water and chill. Accompany with mayonnaisc dressing. This mixture may be served in cases made from bright red apples.

AIR RIFLES AND FIREWORKS CAUSE MANY EYE ACCIDENTS

(Press bulletin issued by the National Committee for the Prevention of Blindness.)

Santa Claus indirectly was responsible for the blinding of scores of children during the last Christmas week, according to reports received by the National Committee for the Prevention of Blindness at its headquarters, 130 East 22nd street, New York City, in a nation-wide census of eye accidents which the committee is conducting. Since January 1 the committee has received reports of 32 children shot in the eye by air rifles and of 26 children whose eyes were injured by fireworks during the holiday celebrations. Practically all of the cases of injuries resulting from fireworks were reported from southern States.

The census of eye accidents, which was started last August, has brought to light each month a few cases of serious injuries to the eyes of children resulting from the use of air rifles. The extraordinary number of such cases reported during the first three weeks in January is attributed by the National Committee by the use of air rifles received as Christmas presents, most of these accidents having occured within a few days after Christmas. Thirty-one of the children whose eyes were injured by air rifles were boys, and one little girl was shot by her brother.

Skyrockets, Roman candles, torpedoes, "dynamite caps" and "cannon rockets" used by children in Virginia, Kentucky, Tennessee, Georgia, South Carolina, North Carolina, Alabama, Arkansas, Illinois, Texas, and Indiana caused serious injury to the eyes of more than a score of boys and girls, necessitating the removal of an eye in many cases and resulting in total blindness in other cases.

The starch industry of the United States consumes more than 50,000,000 bushels of corn annually.

Nearly 90,000 gallons of whiskey were sold on prescriptions in California in the fiscal year ending June 30, 1923.

SHERIFF'S SALE

The State of Texas, County of Limestone.

Notice is hereby given that by virtue of a certain Order of Sale issued out of the Honorable District Court of Limestone County, of the 6th day of March, 1924, by the District Clerk, of said Limestone County, for the sum of Seven Hundred Sixty-Two 30-100 ($762.30) Dollars and costs of suit, under a Vendor's Lien, in favor of Wm. M. Rice Institute, in a certain cause in said Court, No. 4190-B and styled Wm M. Rice Institute vs. J. E. Frost, John S. Prince, and F. W. Woodward, placed in my hands for service, I, Whit Popejoy, as Sheriff of Limestone County, County, Texas, did, on the 8th, day of March 1924, levy on certain Real Estate, situated in Limestone County, Texas, described as follows, to wit: Upon Lot No. 5 in Block No. 38, in the City of Mexia, according to the map of said City drawn by C. E. Davis, a copy of which is recorded in Vol. 52, page 621, deed records of Limestone County, Texas, and levied upon as the property of J. E. Frost, John S. Prince and F. W. Woodward, and that on the first Tuesday in April 1924, the same being the 1st day of said month, at the Court House door, of Limestone County, in the Town of Groesbeck, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said Order of Sale, I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said J. E. Frost, John S. Prince and F. W. Woodward.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Mexia Daily News, a newspaper published in Limestone County.

Witness my hand, this 8th day of March, 1924.

INDIAN SURVIVORS HELP

Decendants and survivors of a tribe of Creek Indians who participated in one of the most famous massacres of pioneer settlers was employed by David Smith, noted Vitagraph director, in making the massacre scenes in "Pioneer Trails," his super-production which will be shown at the Palace Theatre on Friday and Saturday. Chief Three Bears who led the Indian attack of former years, supervised the work of the newer generation in his tribe in order that the attack be accurately portrayed. Alice Calhoun and Cullen Landis will be seen in the leading roles in this photodrama.

SPORTS

NEW YORK.—Tex Rickard has decided tentatively on three fights this summer in his Jersey City arena. He plans to match Pancho Villa and Frankie Genaro for the flyweight championship on May 30, Mickey Walker and Bennie Leonard for the welterweght title on July 4, and Dempsey and some challenger for the heavyweight title on Labor Day.

NEW YORK—Bobby Jones, American open golf champion, will not have to qualify to defend his title in the national championship tournament this summer, the United States Golf Association announced. The Association adopted the recommendation of the Professional Golfers Association that open champions would not have to go through the test in the fture.

THE WEATHER

East Texas—Tonight and Friday unsettled with local showers.

West Texas—Tonight and Friday partly cloudy, probably showers in east, colder in west Friday.

ON THE WAY DOWN TOWN

By SLYBOOTS

Oldtimers remember the "Grayhound." For the benefit of the newcomers, that is those who have not been here more than ten years, the "Grayhound" was an automobile cranked and driven in the good old days by Major N. P. Houx. He is said to have become greatly attached to the "old boat" an acetylene burner, and none has been able to know just why he parted with it, unless perhaps David Murphy, Vice President of the City National Bank, was "pushing" him so hard that he didn't need to depend upon a motor propelled vehicle.

For the past few months, nearly every morning when I would meet the Major, he would stop me to tell me about some experience he and the "Grayhound" encountered together. I knew then that he was thinking about buying another car and so was not surprised a few days ago when he drove up in a second hand Ford coupe, stopped in the middle of the street in front of the News building and pushed it down to the curb. I asked him where he got it and he told me that it was one that George Petty used to drive. He had lost track of the Grayhound and since he could not get it, he decided to purchase another just about as old and just about as experienced over Texas roads. The only trouble he has with it, he says, is that it stops every time he "honks" its horn.

As for me though, I am going to stick to the old gray mare:

"Old gray mare, you're a wonderful thing, no button to push, no horn to ring. You start yourself, no clutch to slip; no spark to miss, no gears to strip, no license buying every year, with plates to screw on front and rear; no gas bills climbing up each day, stealing the joy of life away. Your frame is good for many a mile; your body never changes style. Your wants are few and easily met. You've something on the "Grayhound" yet.

Just as I finished writing these lines, the mail man left me my daily letter from the Bisextile club. It chronicles the minutes of the session this afternoon and records the fact that elated members asked the member who received her proposal yesterday by telegraph whether or not she had informed her fiancee how old she was or is. Her reply, according to the report, was "Well, partly." The report further states that the following received the unanimous vote of the club as the matrimonial eligible of the day:

Doc Corley.

New Treatment For Varicose Veins and Ulcers

Swollen veins are dangerous and often burst. Sufferers are advised to get a two-ounce, original bottle of Emerald Oil (full strength), at any pharmacist and start to reduce the veins and bunches at once.

Physicians recommend Emerald Oil; it is used in hospital practice and a small bottle will last a long time, because it is very concentrated and a little goes a long way. Apply night and morning with a soft brush as directed until the swelling is reduced to normal.

So marvelously powerful is Emerald Oil that swollen glands and even goitre disappear when used steadily. —(Adv.)

Pimples Cause It

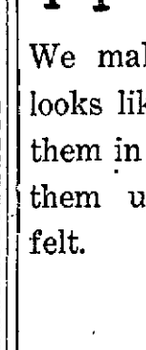
Whenever you go out to places of amusement, you can't help but pity the many folks you see trying to have a good time, but are so shrinking and backward about coming near others where they can see their pimply, blotchy and eczemic skin that you can see they are only torturing their minds instead of throwing all cares to the four winds and enjoying themselves.

You almost feel like going up to them and telling them that they ought to begin using the wonderful Black and White Ointment, which so many thousands of happy people are depending on to keep their skin clean, smooth and good to look at.

Black and White Ointment is selling at the phenomenal rate of nearly two million packages a year, and the fact that it is so economically priced is largely responsible for this record. The 50c size contains three times as much as the 25c size. All dealers have it.—(Adv).

OUCH! RHEUMATISM! RUB THE PAIN AWAY

Stop drugging! Rub soothing, penetrating St. Jacobs Oil right into your sore, stiff, aching joints, and relief comes instantly. St. Jacobs Oil is a harmless rheumatism liniment which never disappoints and cannot burn the skin.



Get a 35 cent bottle of St. Jacobs Oil at any drug store, and in a moment you'll be free from pain, soreness and stiffness. In use for 65 years for rheumatism, sciatica, neuralgia, lumbago, backache, sprains.—Adv.)

Camphor for Sare Eyes

It is surprising how quickly eye inflammation is helped by camphor, hydrastic, witchhazel, etc., as mixed in Lavoptik eye wash. One small bottle helps any case sore, weak or strained eyes. Aluminum eye cup free. Anderson & Horn, Druggists. —(Adv.)

RED HATS GIVEN NEW AMERICAN CARDINALS BY POPE

By HENRY WOOD
(United Press Staff Correspondent)

ROME, March 27.—Amid all the gorgeous splendor and pageantry of Roman Catholicism, Cardinals Hayes and Mundelein today received from Pope Pius, XI, the red hats that signify their elevation to the rank of Princes of the Chruch.

St. Peter's where the ceremony was performed, was jammed with a tremendous throng, including hundreds of Americans privileged to watch their countrymen, who started together as poor boys on the Lower East Side of New York, receive the highest honors within the power of the Pontiff to bestow.

Cardinal Mundelein received his red hat at 10:42 a. m., Cardinal Hayes his at 1045 a. m.

The scene at St. Peter's equally in brilliancy and coloring the coronation of the present Pope two years ago.

Members of the Sacred College came to the Vatican wearing their traditional violet robes. These they exchanged in the San Sebastiano chapel for ermine capes, before going to the Holy Trinity chapel to await arrival of the Pontiff.

Carried in State on the Sedia Gestatoria, surrounded by the Papal court, His Holiness entered St. Peter's directly from the Vatican.

There awaited him patriarch, archbishops and bishops, Roman Princes, heads of religious orders such as the Jesuits, Benedictines and Franciscans, scores of prelates and dignitaries, entitled by their rank to attend, and the entire Vatican diplomatic corps.

The new cardinals, cynosure of all eyes, were dressed in their full regalia of office as Princes of the church, with exception of the red hats. They wore red berettas, conferred upon them by the Pope yesterday.

Cardinals Hayes and Mundelein were escorted first to the Santa Pietoronial chapel.

There, in the presence of the Sacred College, the Camerlingos and heads of the religious orders they took the cardinal's oath, prior to the final ceremony.

It was only after receiving their hats from the hands of His Holiness that the new Princes were in possession of the complete cardinals' regalia.

The concluding ceremony in the elevation of Hayes and Mundelein to the cardinalate took place in St. Peter's, in view of many thousands. Fifty thousand persons were crowded into the basilica, but many of these were not able to witness the actual ceremony, or do more than catch a glimpse of the gorgeous procession as it passed.

Individual tribunes near the Papal throne held members of the Pope's family, the Roman nobility, the diplomatic corps, Knights of Malta and others entitled by centuries of tradition to private stands at Vatican functions.

It was the first time such a ceremony had been held in the basilica.

From early dawn, a great mass of humanity—Eastern tourist pilgrims from all parts of the world, American, Italians, all nations—elbowing each other in the narrow medieval streets, streamed toward St. Peters.

Mingled in the throng were priests, nuns and monks. Bright colored costumes distinguished the various national seminary groups, the Germans in flaming red, the Americans in black robes, with red tassels.

By the time Pontiff's procession passed from the Vatican to St. Peter's, there was not an inch of room and very little breathing space in the edifice.

His Holiness was assisted to the gorgeous red plush and gilded throne, facing an elb enclosure that was arranged for the Sacred College.

As soon as the Pope had descended from the Sedia Gestatoria and mounted the throne, deans of the Sacred College escorted Hayes and Mundelein from the chapel where they had taken the oath to the Papal throne.

While a choir chanted in the distance, the American cardinals made three profound reverences as they approached the Pontiff. They each kissed his foot and hand and turning, received an embrace from the cardinal who had escorted them thither.

The new cardinals then went to their stalls with the rest of the Sacred College. Following preparatory rights and charts, the master of ponitifical ceremonies, and the master of the pentificial wardrobe escorted Hayes and Mundelein to the foot of the Papal throne.

There Pope Pius bestowed the red hats, in a brief ceremony, first upon Mundelein and a few minutes after upon Hayes.

After an apostolic benediction, His Holiness mounted upon the Sedia Gestatoria and the entire Sacred College, with the new cardinals falling into their places, reformed a cortage and escorted the Pontiff back to the Vatican.

91 PERSONS ARE LISTED AMONG MISSING IN VILLAGE

AMALFI, Italy, March 27.—Ninety one were killed and the lives of many tourists, including Americans, were imperriled when a series of landslides devastated villages on the Gulf of Salerno, was officially announced.

NAPLES, March 27.—Seventy persons were killed in a landslide in the Amalfi district on the Gulf of Salerno yesterday, a check-up on casualties showed today. Three towns Vettico, where fifty lives were lost; Praino, and Conca Marina, were partly wiped out.

Carabiners, sailors and militiamen have been rushed to the relief of the stricken area. Two destroyers in the Gulf played searchlights on the devastated region throughout the night. The Government is taking action to relieve the sufferers.

Five were killed at Amalfi; ten at Conca Marina and five at Praino.

Poincare Works With Friends In Come Back Plan

PARIS, March 27.—Raymond Poin care today busied himself with visits to friends and the chairman of various Government committees, preparatory to announcing his decision on whether he would resume the premiership.

On his way to the Elysee to call upon President Millerand at noon, Poincare said:

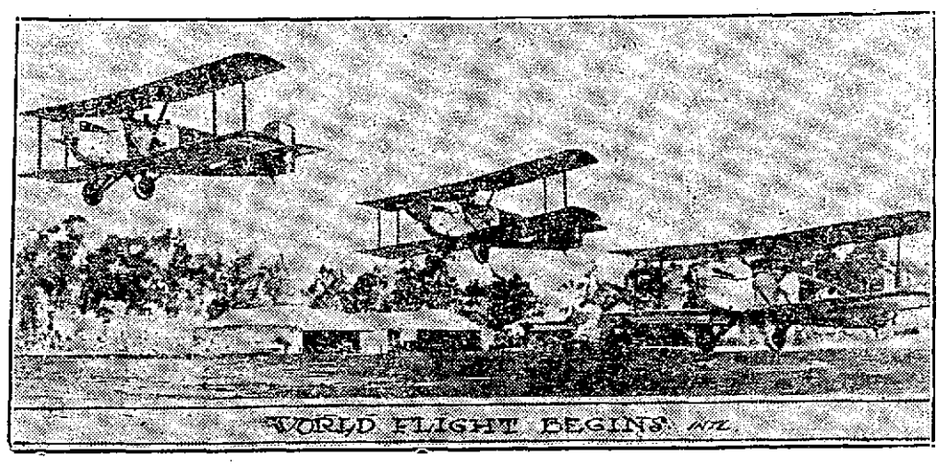
"I am not yet ready to gve a definite reply. I will resume my efforts this afternoon."

By those in intimate touch with the situation, it was believed a new Poincare Cabinet would be constituted by evening.

MERIDIAN, Texas, March 27.—Sixty coeds of Meridian Junior Methodist college here were forced from their dormiotry in scanty night attire when the bulding burned down during the night. Several girls were slightly injured when they leaped from second story windows. Approximately $30,000 damage was done by the flames.

SNYDER, Texas, March 27.—Judge M. Rosser, a prominent West Texan and a former legislator, died at his home here today. The funeral will be held Friday.

TAKE-OFF IN GREAT 'ROUND-THE-WORLD FLIGHT.



The above is a remarkable view of the take-off of the three U. S. Army air cruisers at Clover Field, Santa Monica, Cal., on the first leg of their epoch-making flight around the world. CLEAN UP MEXIA IS SLOGAN NOW AS ALL ARE AT WORK

Mexia's clean up and beautification campaign is going forward with a vim. Hundreds of home keepers are busy in their yards and about their premises daily, cleaning up and getting the lawns in shape for the club meeting next week which is to bring hundreds of visitors to this city.

Dr. W. R. Hodges, representing the City Sanitary Department, sttes that the city has two wagons and about ten men at work. They have finished on Ross Avenue and are working today on South McKinney Street.

R. D. Morgan talked at the negro schools Wednesday and the negroes are to clean up their parts of the community.

Dr. Hodges states that additional trucks and wagons can be used Saturday whe nthe wagons og out to haul all garbage to the incinerating plant south of town.

Anyone who will volunteer this aid is urged to report at the City Hall at 8 o'clock Saturday morning.

WASHINGTON, March 27.—The Senate Daugherty committee refused today to let Roxie Stinson name five men she said made $33,000,000 in Sinclair oil deal. Daugherty's counsel intimated that a president of the United States was among them and demanded the right to go into the matter. The committee refused because Daugherty is not involved.

FLYING CIRCUS TO DRAW BIG CROWD TO MEXIA

The Flying Circus to be held, southeast of Mexia on the Point Enterprise road, Sunday afternoon at 3:30 promises to be an unusual spectacle that will attract throngs from all over the section to the vantage point on the large pasture over which the five feature acts will be given by several of the most expert fliers in the country.

Four planes will be here for the event.

H. L. Kindred, son of Mr. and Mrs. T. A. Kindred of this city and well known here, an aviator of many years experience and among the best, will participate with the stunt which few aviators attempt, that of shutting off his motor, and gliding to a landing. Mr. Kindred states that he never saw the stunt and never attempted it until forced to one day while high in the air when his engines and propellers stopped and he engineered the plane safely to the ground. Since then he has performed this stunt hundreds of times in exhibition flights.

P. D. McLain, lecturer, will explain all of the features, and practically every stunt known to aviation will furnish the entertainment for the occasion.

Another of the five features will be the race formation; another flying acrobatics; another plane walking and the fifth a parachute jump.

H. L. Kindred, Clarance Reynolds and Reginald Robbins will drive three of the planes, while a fourth, Errett Williams will bring to Meixa one of the largest passenger planes in the country with a capacity of three passengers and the pilot.

Frank Armstrong, champion parachute jumper of the United States, will participate with his act of the program which will last about two hours.

Interest Grows In Meeting Of Adult Classes

Much interest is being manifested in the plans underway for the Sunday School meet next Sunday morning, when the adult classes of the Sunday schols of the churches in Mexia meet in union service at 9:45 at the First Christian church. Dr. Hyer, president emeritus of Southern Methodist University of Dallas, will address this representative gathering of Sunday school students. The members of these classes are urged to make note of the time and place of meeting and to be there on time. A cordial invitation is extended to any visitors who wish to be present.

FIRE FUGITIVES LEAP TO NETS FROM FOURTH STORY

HOUSTON, Texas, March 27.—Clinging to the window ledges of Dr. Penn Thornton's sanitarium on the fourth floor of an office building in the heart of the business district until flames beating upon them from behind forced them to leap to safety, two women and a man were slightly injured when they jumped to a life net early today. They were:

Mrs. Lurline Bordeaux, a nurse, whose back was wrenched.

Miss G. W. Franklin, a nurse, who suffered a few minor bruises.

Dr. W. R. Sneed, dentist, occupant of the building, whose back was wrenched.

N. Burns suffered slightly from smoke escaping from the building.

The injured jumper from the fourth story to a life net which was spread over an awning at the third story.

PARIS, March 27.—Ramond Poincare today definitely accepted an invitation from President Millerand to form a new cabinet. Poincare consulted men who are to be ministers in the reconstructed government and visited Millerand late today, informing the latter that he would resume the office of premier.

WASHINGTON, March 27.—The indictment of Mal Daugherty, brother of the attorney general, for contempt because of his failure to produce records before the Daugherty investigation committee, was sought in a motion by Senator Wheeler, chief prosecutor. Wheeler asked the committee to report to the Senate that Daugherty and C. P. Ballard cashier of the Commercial Bank, failed to produce the records demanded in a subpoena served upon them.

DOCUMENTS ARE RELATIVE TO MEXICAN AFFAIR

WASHINGTON, March 27.—President Coolidge was requested to formally force Daugherty to turn over to the Senate investigating committee the Department of Justice files on Mexican gun running in 1921. The flat refusal of Daugherty to furnish the documents caused the committee to take the action in executive session. The documents relate to the revolt of Former Governor Estaban Cantu of Lower California against President Obregon of Mexico.

Mike McTigue Is Ready For Fight With Gene Tuney

By HENRY L. FARRELL

NEW YORK, March 27.—"As soon as I get through with that Young Stribling in Newark next Monday, I'm going out and make the others take a back step who have been calling me a back stepper," Mke McTigue, the world's light-heavyweight champion said today.

"I beat him in Georgia with one good hand against his two and with two goods mitts I know I'll take him," he said. "And I'm all ready to go out after the others.

"Gene Tunney is the first on my list. He's been saying that I'm yellow and I'm going to make him prove that I'm not. If Gene Tunney is the best fghter that I have to beat I'll die the champion and a good one."

BETTER ROADS, MOTORS AND SCHOOLS.

There will cease to be a rural education problem when the time comes that all sections of the country are traversed by well-paved highways, according to the National Automobile Chamber of Commerce. The soluton is the consolidation of one-room school and the use of motor transportation to carry the children.

Much illiteracy still exists in the United States and one of the gravest of our economic problems is education, according to statistics compiled by Frank P. Graves, New York Commissioner of Education. According to these statistics as yet about one-fourth of the total rural school enrollment and 45 per cent of the rural teaching corps are housed in one-room schools of the crudest sort. There are upward of 200,000 of these one-room buildings in the United States, and a fairly large percentage of them were constructed at least 40 years ago, despite the fact that school architecture and equipment have been advancing by leaps and bounds during that time. Four-fifths of them have no provisions for heating and ventilation, except the old unjacketed stove and the rickety windows and nine-tenths of the build ings are not properly lighted.

In at least 90 per cent the seating is poor and unadjustable, and often where the seats could be arranged to suit the pupil, this has never been given consideration. Where in the cities some four-ffths of the teachers have had at least the minimum amount of standard training—that is, two years beyond the high school—in the country less than one-twentieth have so qualified and the turn-over in rural teachers each year is just about 50 per cent.

Consolidated Schools

One of the most effective answers to such conditions has been found in the consolidated school, in which many children can be accommadate, brought from miles around and returned to their homes by the motor bus.

But this solution to the problem of how to get good rural education is possible only where there are good roads. In the days to come, when national highways gridiron this country, as they undoubtedly will, there will be no problem of rural education.

According to the National Automobile Chamber of Commerce, the consolidated school movement began in Massachusetts in the early '70s. For many years horse-drawn vehicles were then used in carrying children to and from school within a radius of seven miles. Parents gradually began to see the many advantages of the larger schools over the old "little red schoolhouse."

Motor Bus Use

With the motor bus children are now transported for fifteen or eighteen miles in an hour. School districts have increased in size, extending to 50, 75 or 100 square miles in area. With this development has come large modern school buildings, improved equipment and specially trained instructors equal to that of the best city schools. Motorized school busses make possible these large, modern rural "school plants." They tend to reduce the costs and to give children better opportunities for education.

The consolidation movement has grown to such proportions that many normal scholos and colleges are giving special courses preparing superintendents to manage fleets of motor bussess transporting children to and from consolidated school.

WASHINGTON, March 27.—A constitutional amendment enabling congress to enact antichild labor legislation has been favorably reported by the House Judiciary committee. The Supreme court has held that congress under the constitution does not have power to regulate child labor.

NEWS FROM OUR NEIGHBORS

GROESBECK, Texas, March 27.—The Groesbeck Gun Club has recently reorganized and is going in to develop a winning team. In fact some of the leaders believe they have the material to make one of the best teams in Central Texas, and are now working to that end. They have just installed one of the best clay pigeon traps that is on the market and expect to put on a two days shooting tournament real soon. The members are working out regularly and expect to be in first class trim by the time their tournament is pulled off.

Will Tubbs of Waco, Deputy Game, Fish, and Oyster Commissioner for this district was here Tuesday looking after the enforcement of laws relating to his department and also for the purpose of assisting in the organization of a County Game Protective Association. While here he delivered one pair of Mexican Bob White quails which were placed on a game preserve and promised protection for two years. These birds were brought out of Mexico as an experiment to try to restock the country with game birds and Tubbs thinks that in case the experiment is successful a more generous supply can be had another year. He received these birds from Mexico about three weeks ago, forty eight in number, and this was the last pair he had to place. The birds were in excellent condition and seemed as active when released as if they had never been penned up.

Knights of Pythias Regular Meet Tonite

Travis Lodge No. 20, Knights of Pythias will hold its regular weekly meeting tonight at 7:30 and will have something of importance for the members. Special Deputy Grand Chancellor Baker of Houston has been here for several days working among the members, putting a little pep into the lodge and will have something of interest to tell the members, and all are urged to attend.

C. I. A. Orchestra To Play For The Rotary Meeting

DENTON, Texas, March 27.—One of the features of the annual convention of the thirteenth district, Rotary International, which will convene in Wichita Falls April 2, 3 and 4 will be an orchestra composed of students from the College of Industrial Arts. They will accompany the Denton delegation which will leave this city Tuesday night on a special Pullman, to be used to shelter the Denton Rotarians during their stay in the oil city. Dr. F. M. Bralley, president of the College of Industrial Arts, is a candidate for governor of the 13th district.

The C. I. A. orchestra has been promised a piano in the lobby of the Kemp Hotel, where it is probable the Denton delegation will sing group songs during various recesses in the program. The C. I. A. orchestra plays for the weekly luncheons of the local Rotary Club, and is attendant upon all the meetings. It is composed of Ethel Kuhlman of Houston, Louise Kidpath of Ardmore, Oklahoma, Margaret Cochrum of Groesbeck, and Margaret Peavy of Lufkin.

Hair You Envy

I offer you what brought it
By Edna Wallace Hopper

My hair is the envy of thousands who see it, on the stage and elsewhere. It is heavy, silky, lustrous—far finer than 40 years ago. I have never had falling hair or dandruff, never a touch of gray. Yet my age is 62.

I owe this to a formula which French experts made for me. I have supplied it to many friends. It has brought to them what it brought to me—luxuriant heads of hair. Now, by countless requests, I am placing this formula within every woman's reach. Men are also welcome to it.

Use an Eye Dropper

I call this formula my Hair Youth. One applies it with an eye dropper, directly to the scalp. Apply just enough to dampen the scalp. This takes but a minute and it does not muss the hair.

It attacks the hardened oil and dandruff, which stifle the hair roots. It cleans the scalp, stimulates and fertilizes. Then hair flourishes as flowers thrive in a well-kept garden.

Hair troubles come from stifled hair roots. Gray hair comes from lack of pigment. The way to prevent these troubles, to make hair thrive, is to cultivate the scalp. The best ways science knows to do that are embodied in Hair Youth.

Worth a Fortune.

My Hair Youth has been worth a fortune to me. My hair is now, and always has been, my chief glory. I have so many friends who obtained like results, that I count this formula a boon which all should have. So I have placed it at every woman's call.

Edna Wallace Hopper's Hair Youth is now supplied by all druggists and toilet counters. Price, 50c and $1 with eye dropper. They also supply my Youth Cream. Also my Facial Youth—my famous liquid clenser. Also my White Youth Clay—the last word in facial clay. My Beauty Book comes with each.

See what my Hair Youth does for your hair. You will be delighted. Then I think you will want the other helps which did so much for me. Edna Wallace Hopper, 536 Lake Shore Drive, Chicago. (adv.)

Dr. Otto Wiedfeldt, German Ambassador to the United States, is preparing to return home. His place will be filled by Dr. Solf, now German Ambassador to Japan. By throwing $200,000 on the market in a lump sum, buying an equivalent sum in francs, Myron T. Herrick, American Ambassador to France, is said to have greatly aided in stabilizing the French franc, and to have made 1,500,000 francs to be applied to the purchase of an American Legation in Paris. Will Hays, Czar of the movies, was summoned to appear before a Senatorial investigating committee to be asked concerning an alleged gift of 75,000 shares of Sinclair Consolidated by Harry F. Sinclair to make up a deficit in the Republican campaign funds. Richard Mulcahy, Minister of Defense and head of the Irish Free State Army, has resigned following a mutiny of officers. Spending his birthday in his former home in Lincoln, Neb., William J. Bryan denied he was a candidate for the Democratic nomination for the Presidency, but declares he will run if "drafted."

The Deciding Factor— Buick Character

Ask some of your friends who own Buicks what they most admire in their cars. You will get a number of different answers. Yet in the end most Buick owners will agree that it is hard to place one Buick point of excellence above another—that what they value most in Buick is, after all, Buick character. If you already are not an owner, you can get an idea of Buick character by letting us give you a ride in the model you prefer. Suit your own convenience as to time.

Merchants Face Problems Daily

This article is written by a party that knows the situation existing in Mexia and speaking for the fellow with an average income and various business men in all lines, the subject is simply this, Money. I am confronted every day with complaints from loyal men in small business, struggling to make ends meet, with demands made on them with all kinds of schemes to extract money from their small profits made out of their business. They are confronted by the banker who says this is a worthy cause, or by some leading oil men whose money flows into their pockets day after day or by some lady perhaps. All of these demands place this man in a position that makes him have to dig. Then comes along the grafter and he has no protection from the grafter, as unfortunately, we have no committee to make them go before presenting their proposition. They are turned loose on the street to graft on the public. The merchants are called on every day to dig and at the same time they are doing more for the city than they are given credit for. They advertise their goods daily and at the same time sell Mexia to Mexia. There should be some plan worked out to cope with this situation, as the load is getting too heavy for their sore backs. When these plans of various kinds are presented, there should be some one on the committee that has some conception of the amount they should expect from each business and not make it appear that an assessment has been made. No man likes to say he has been assessed so much and we have formed another habit here which no good banker will say is right, that of permitting your bank account to be drafted upon. This is asking a privilege that might sometime put a man in an embarrassing situation and good banks will not honor overdrafts without arrangement that is satisfactory to them. A good fellow is alright. We all like him. But he can't always solve the business man's problems. Now my suggestion is: give the small man 20 minutes to rest and let him land as he is all up in the air.

LULING PROMISING FOR J. K. HUGHES

The News has just received the following letter from its Luling correspondent.

Rejoice all ye faithful Mexiaites or otherwise in belief in the luck or future of the J. K. Hughes Developing Company. Dark clouds have hovered for ever so long with a frequent break at intervals, yet the present appears to be in the sea of Good Luck and the troubled waters will be soothed with that liquid balm called oil. It most assuredly looks like the troubed days are over and J. K. Hughes will again sit on the top of the world with his J. K. Hughes Developing Company. I just cannot remember that old saying of "Luck" but let it suffice to say that the "I's and "We's" have passed and it now looks like the rare good judgement of a young man named Hill who in the month of January was sent into Luling of Caldwell county and the continuation into Guadulupe county and the result the acquisition of some of the choicest acreage in the extension of Guadulupe county. Mr. M. T. Hill has shown unusual good judgement in his choice and undoubtedly Mr. Hughes is to be congratulated with his choice of buyer. In only a few days now it looks like the J. K. Hughes Developing Company will startle the world for in all probability liquid gold will be flowing from well No. 1 on the J. A. Allen lease into those three new red 1,000 barrel tanks that are almost completed on the lease The No. 2 location is rigging up and will soon be grinding its way to those depths of the sand of liquid gold. No. 3 is a derrick and will also be rigged up in a few days. This is a real valuable lease and should be watched by all the stockholders. So good is the said lease that only last Saturday The Texas Company culminated a deal for the adjoining acreage at a fancy price, and already have one derrick in course of construction and another on the location of No. 2.

The J. K. Hughes Developing Company have acquired 50 acres on the J. K. Allen land and 42 acres of the B. A. Harris tract, both of which are in a stones throw of producers. Their No. 3 lease is further southeast in Guadulupe extension, it being fifty acres of the B. A. Adams tract.

They have two locations made on the Harris lease and the derrick is almost completed on their No. 1 of said lease.

So rejoice all ye and pull and if old Mother Earth will give up her liquid gold it looks like it wont be long before the dividends will be going out to the stockholders of the J. K. Hughes Developing Company which no doubt will be appreciated by its goodly numbers and who in turn enjoy the fruits of Mr. Hill's good judgment.

There is no question of Luling's being a field, a real oil field bearing a reputation that few others of recent date bear. Most all the wells there are flowing naturally and very few on the pump. There seems to be little need of dry holes as the line even to the extension seems to be clearly defined. That is true in the oil field and extensions there are 46 derricks completed, 6 flowing wells, one of which broke loose, spewing oil all through the earth, finally bridging and flowing in in a new location two hundred feet from the well. There is one dry hole on the line of extension and one that has a chance to be dry because of location.

DAYS OF LONG AGO

"The Covered Wagon" a Picture of Life on the Praries

The old days so famous for adventure and down in history as the days of the birth of the American nation, have been turned back and are with us again in "The Covered Wagon," James Cruze's latest Paramount production which will be shown at the Palace Theatre in Corsicana, Thursday, April 3rd. The great stretch of the western plains forms a most magnificent background, and five hundred or more covered wagons or "prairie schooners," add greatness to this colossal picture. True, it is a love story, but this one is different. It is a love tale of the desert wastes, long and enduring with its thrilling climax, leading to the reunion of the young couple, played by Lois Wilson and J. Warren Kerrigan, in a frontier homestead in Oregon. "The Covered Wagon" eclipses anything in pictures.

Rocks Made To Talk By Houston Bound Visitors

HOUSTON, Texas, March 27.—"Let rocks their silence break—"

Long ago these words range from the school room during the music lesson period. Now, between Thursday and Saturday of this week, geologists from all over America will be in Houston to discuss the language of the rocks—for the secrets have been saved.

The visitors are members of the American Association of Petroleum Geologists, most of them employes or associate consultants of big oil companies. A few micropalentologists—beg pardon, geoligists who take the rocks apart under a miscroscope—will be among the more distinguished ones present.

Miss Hedgewock Kinker, Miss Alva Ellisor and Mrs. P. L. Applin are preparing a technical paper on "The Subsurface Stratigraphy of the Coastal Plains of Texas and Louisiana" for presentation to the convention. This will be read at the Thursday session at the Rice hotel.

One of the most interesting characters to attend the meeting is Miss Rebecca Masterson, who spends considerable time in far-off places, where she tests for oil. Only a chauffeur and a young woman companion accompany her on most of her trips. She has had eight years of field practice and is considered an expert.

Papers covering the work of oil geologists in foreign lands as well as several pertaining to the salt dome construction of the Texas coastal fields will be read before the convention.

Says His Prescription Has Powerful Influence Over Rheumatism

HAS ALSO PROVEN REMARKABLY SUCCESSFUL IN SEVERE CASE OF RHEUMATIC NEURITIS.

Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery, which he called Allenrhu, to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. He has therefore instructed druggists everywhere to dispense Allenrhu with the understanding that if the first pint bottle does not show the way to complete recovery he will gladly return your money without comment.—(Adv.)

Battle of Flowers At San Antonio on San Jacinto Day

SAN ANTONIO, Texas, March 27.—Fiesta San Jacinto, the crowning accomplishment of this city's yearly civic entertainment program, will this year feature, besides the annual Battle of Flowers and Fiesta attractions, the National Balloon Race, America's most spectacular event with a program of aerial meneuvers at Kelly Field which has probably never been duplicated in America's air service annuls.

Already the outstanding air pilots of the United States, including H. E. Honeywell, who has made more than four hundred balloon ascensions and taken part in the international Gordon Bennett Race have entered their balloons. The Army is sending its outstanding pilots, and has entered three lighter-than-air ships, each of 80,000 cubic feet capacity, to be piloted by men who have had years of experience in aeronautics.

The greatest interest is being manifested throughout America in this year's National Balloon Race, because of the fact that there is every indication that the world's record will be broken. Never has the race been staged at a point where the air currents are likely to carry the racers over so great an expanse of territory, with so few elements of danger. Meterologists have pointed out that the air currents from San Antonio drift in the direction of the Ohio valley and thence towards the mouth of the St. Lawrence River. The distance that can be covered with the minimum danger, far exceeds the greatest milage recorded in the International race.

The Balloon race will be the crowning event of Fiesta Week, and this year San Antonio is to add to the program that has for years been so attractive to the American people, a mammoth Automobile Parade and Display, illustrating the evolution of the motor driven vehicle, and a gorgeous Electrical Parade, as well as a School Queens Parade, as the closing event of the week.

Special rates have been granted between points in Texas, the lowest rates being for the Battle of Flowers, on points within 150 miles of San Antonio, including: Palestine, Houston, Laredo, Del Rio and intermediate points, with an especially popular rate for the Battle of Flowers of three-fourths of one way fare for round trip.

AIR RIFLES AND FIREWORKS CAUSE MANY EYE ACCIDENTS

(Press bulletin issued by the National Committee for the Prevention of Blindness.)

Santa Claus indirectly was responsible for the blinding of scores of children during the last Christmas week, according to reports received by the National Committee for the Prevention of Blindness at its headquarters, 130 East 22nd street, New York City, in a nation-wide census of eye accidents which the committee is conducting. Since January 1 the committee has received reports of 32 children shot in the eye by air rifles and of 26 children whose eyes were injured by fireworks during the holiday celebrations. Practically all of the cases of injuries resulting from fireworks were reported from southern States.

The census of eye accidents, which was started last August, has brought to light each month a few cases of serious injuries to the eyes of children resulting from the use of air rifles. The extraordinary number of such cases reported during the first three weeks in January is attributed by the National Committee by the use of air rifles received as Christmas presents, most of these accidents having occured within a few days after Christmas. Thirty-one of the children whose eyes were injured by air rifles were boys, and one little girl was shot by her brother.

Skyrockets, Roman candles, torpedoes, "dynamite caps" and "cannon rockets" used by children in Virginia, Kentucky, Tennessee, Georgia, South Carolina, North Carolina, Alabama, Arkansas, Illinois, Texas, and Indiana caused serious injury to the eyes of more than a score of boys and girls, necessitating the removal of an eye in many cases and resulting in total blindness in other cases.

The starch industry of the United States consumes more than 50,000,000 bushels of corn annually.

Nearly 90,000 gallons of whiskey were sold on prescriptions in California in the fiscal year ending June 30, 1923.

SHERIFF'S SALE

The State of Texas, County of Limestone.

Notice is hereby given that by virtue of a certain Order of Sale issued out of the Honorable District Court of Limestone County, of the 6th day of March, 1924, by the District Clerk, of said Limestone County, for the sum of Seven Hundred Sixty-Two 30-100 ($762.30) Dollars and costs of suit, under a Vendor's Lien, in favor of Wm. M. Rice Institute, in a certain cause in said Court, No. 4190-B and styled Wm M. Rice Institute vs. J. E. Frost, John S. Prince, and F. W. Woodward, placed in my hands for service, I, Whit Popejoy, as Sheriff of Limestone County, County, Texas, did, on the 8th, day of March 1924, levy on certain Real Estate, situated in Limestone County, Texas, described as follows, to wit: Upon Lot No. 5 in Block No. 38, in the City of Mexia, according to the map of said City drawn by C. E. Davis, a copy of which is recorded in Vol. 52, page 621, deed records of Limestone County, Texas, and levied upon as the property of J. E. Frost, John S. Prince and F. W. Woodward, and that on the first Tuesday in April 1924, the same being the 1st day of said month, at the Court House door, of Limestone County, in the Town of Groesbeck, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said Order of Sale, I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said J. E. Frost, John S. Prince and F. W. Woodward.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Mexia Daily News, a newspaper published in Limestone County.

Witness my hand, this 8th day of March, 1924.

WHIT POPEJOY,
Sheriff, Limestone
County, Texas.

Patterson's Column

FROM TIME to time comes
* * *
THE RUMOR that Patterson is
* * *
GOING TO leave Mexia or
* * *
THAT HE is going "broke"
* * *
ADVERTISING OR that he
* * *
OWES MORE than he can pay
* * *
OR THAT he doesn't like
* * *
THE TOWN of Mexia or some
* * *
EQUALLY AS silly a report
* * *
SO THIS is to say that last
* * *
WEEK I sat at luncheon
* * *
WITH A big business man
* * *
WHO SAID—
* * *
"PAT" IF you will take
* * *
OUR LINE out July 1st we
* * *
WILL PAY you $—— per
* * *
YEAR AND here he mentioned
* * *
A SUM which was one
* * *
THIRD MORE than I have ever
* * *
RECEIVED AS a traveling
* * *
SALESMAN AND I would have
* * *
YOU KNOW that for years I
* * *
WAS A "Top Notcher" and
* * *
SAID THE man further—"You
* * *
MAY TAKE your choice of our
* * *
TERRITORY AND work eight
* * *
MONTHS ONLY and we will sell
* * *
YOU STOCK in our business
* * *
AND YOU can live in the
* * *
BIGGEST AND best town in the
* * *
SOUTH AND more than that we
* * *
WILL BUY your Mexia business
* * *
AND SEE that you suffer no
* * *
LOSS ON that account"—and I
* * *
DECLINED WITH thanks this
* * *
FINE POSITION because I
* * *
WANT TO stay right here in
* * *
MEXIA WHERE in two years time
* * *
I HAVE brought my business
* * *
FROM ITS beginning to where
* * *
IT IS now one of the leading
* * *
BUSINESSES IN this state
* * *
AND WHERE the folks seem to
* * *
APPRECIATE A fellows efforts
* * *
AND WHERE the rich folks
* * *
DON'T SNUB the poor ones—
* * *
BUT HELP them instead and
* * *
SO I thanked my friend and
* * *
THIS IS to say that all are
* * *
INVITED TO stay in Mexia
* * *
WITH ME and make a big
* * *
TOWN HERE and if some
* * *
SUCKER THINKS I wont buy a
* * *
DESIRABLE RESIDENCE lot let
* * *
HIM SHOW me one at the
* * *
RIGHT PRICE and—as to
* * *
PATTERSON GOING "broke"
* * *
LISTEN
FOR MORE than 400 years
* * *
SINCE OLD Terrence O' Patterson
* * *
BARTERED MERCHANDISE with
* * *
PEAT CUTTERS in the Bogs
* * *
OF IRELAND the Pattersons
HAVE BEEN merchants and in
* * *
ALL THAT time not ONE has
* * *
EVER BEEN tangled up with
* * *
THE BANKRUPTCY court or
* * *
A RECEIVERSHIP proceeding
* * *
AND I shall keep the record
* * *
CLEAN—AND moreover stay right
* * *
HERE IN Mexia where I shall
* * *
CONTINUE TO sell the Best
* * *
THERE IS to the Best there
* * *
ARE—AND that too at
* * *
MODERATE PRICES—
* * *
I THANK you.
* * *
—Patterson.

INDIAN SURVIVORS HELP

Decendants and survivors of a tribe of Creek Indians who participated in one of the most famous massacres of pioneer settlers was employed by David Smith, noted Vitagraph director, in making the massacre scenes in "Pioneer Trails," his super-production which will be shown at the Palace Theatre on Friday and Saturday. Chief Three Bears who led the Indian attack of former years, supervised the work of the newer generation in his tribe in order that the attack be accurately portrayed. Alice Calhoun and Cullen Landis will be seen in the leading roles in this photodrama.

SPORTS

NEW YORK.—Tex Rickard has decided tentatively on three fights this summer in his Jersey City arena. He plans to match Pancho Villa and Frankie Genaro for the flyweight championship on May 30, Mickey Walker and Bennie Leonard for the welterweght title on July 4, and Dempsey and some challenger for the heavyweight title on Labor Day.

NEW YORK—Bobby Jones, American open golf champion, will not have to qualify to defend his title in the national championship tournament this summer, the United States Golf Association announced. The Association adopted the recommendation of the Professonal Golfers Association that open champions would not have to go through the test in the fture.

THE WEATHER

East Texas—Tonight and Friday unsettled with local showers.

West Texas—Tonight and Friday partly cloudy, probably showers in east, colder in west Friday.

ON THE WAY DOWN TOWN

By SLYBOOTS

Oldtimers remember the "Grayhound." For the benefit of the newcomers, that is those who have not been here more than ten years, the "Grayhound" was an automobile cranked and driven in the good old days by Major N. P. Houx. He is said to have become greatly attached to the "old boat" an acetylene burner, and none has been able to know just why he parted with it, unless perhaps David Murphy, Vice President of the City National Bank, was "pushing" him so hard that he didn't need to depend upon a motor propelled vehicle.

For the past few months, nearly every morning when I would meet the Major, he would stop me to tell me about some experience he and the "Grayhound" encountered together. I knew then that he was thinking about buying another car and so was not surprised a few days ago when he drove up in a second hand Ford coupe, stopped in the middle of the street in front of the News building and pushed it down to the curb. I asked him where he got it and he told me that it was one that George Petty used to drive. He had lost track of the Grayhound and since he could not get it, he decided to purchase another just about as old and just about as experienced over Texas roads. The only trouble he has with it, he says, is that it stops every time he "honks" its horn.

As for me though, I am going to stick to the old gray mare:

"Old gray mare, you're a wonderful thing, no button to push, no horn to ring. You start yourself, no clutch to slip; no spark to miss, no gears to strip, no license buying every year, with plates to screw on front and rear; no gas bills climbing up each day, stealing the joy of life away. Your frame is good for many a mile; your body never changes style. Your wants are few and easily met. You've something on the "Grayhound" yet.

Just as I finished writing these lines, the mail man left me my daily letter from the Bisextile club. It chronicles the minutes of the session this afternoon and records the fact that elated members asked the member who received her proposal yesterday by telegraph whether or not she had informed her fiancee how old she was or is. Her reply, according to the report, was "Well, partly." The report further states that the following received the unanimous vote of the club as the matrimonial eligible of the day:

Doc Corley.

TRAINING CAMP NOTES

NEW ORLEANS.—Rookies in the New York Yankees camp, who can not make the grade will start getting the bad news today.

SARASOTA, Fla.—The New York Giants were back at their camp here today. Manager McGraw did not try to disguise his dissatisfaction with his team.

CLEARWATER, Fla.—The Robins went to Lakeland today to play the Cleveland Indians.

LAKELAND, Fla.—Socking out 17 hits, the Cleveland Indians trimmed the Indianapolis Hoosiers, 10 to 0.

GREENSBORO, N. C.—Five homers and a flock of two baggers helped the Detroit Tigers hog the main part of a slugfest and baet the Toronto Leafs, 18 to 2. Eight Tiger runs came in the eighth inning.

JACKSONVILLE, Fla.—The Cincinnati Reds will play Columbus here today. The entire Red squad will reassemble Frday at Orlando.

OAKLAND, Cal.—The Chicago Cubs, playing Oakland carried off the big end of a 3 to 1 score for five innings of play.

WINTERHAVEN, Fla.—Johnny Evers will lead his White Sox squad to Leesburg today for a contest with the Phillies.

BRADENTOWN, Fla.—The Cardinals play Washington here today.

MOBILE, Ala.—The Browns showed improvement in beating the Mobile Bears yesterday 8 to 4.

Mr. ando Mrs. Carl Davis of the Pure Oil Company are the happy parents of a lovely baby girl who came into their home Thursday morning. Congratulations.

Col. Bob Barker of Fort Worth, one of the best known men in Texas politics, was in the city Thursday on a business mission, and paid our office a friendly visit.

Camphor for Sore Eyes

It is surprising how quickly eye inflammation is helped by camphor, hydrastic, witchhazel, etc., as mixed in Lavoptik eye wash. One small bottle helps any case sore, weak or strained eyes. Aluminum eye cup free. Anderson & Horn, Druggists. —(Adv.)

New Treatment For Varicose Veins and Ulcers

Swollen veins are dangerous and often burst. Sufferers are advised to get a two-ounce, original bottle of Emerald Oil (full strength), at any pharmacist and start to reduce the veins and bunches at once.

Physicians recommend Emerald Oil; it is used in hospital practice and a small bottle will last a long time, because it is very concentrated and a little goes a long way. Apply night and morning with a soft brush as directed until the swelling is reduced to normal.

So marvelously powerful is Emerald Oil that swollen glands and even goitre disappear when used steadily. —(Adv.)

Pimples Cause It

Whenever you go out to places of amusement, you can't help but pity the many folks you see trying to have a good time, but are so shrinking and backward about coming near others where they can see their pimply, blotchy and eczemic skin that you can see they are only torturing their minds instead of throwing all cares to the four winds and enjoying themselves.

You almost feel like going up to them and telling them that they ought to begin using the wonderful Black and White Ointment, which so many thousands of happy people are depending on to keep their skin clean, smooth and good to look at.

Black and White Ointment is selling at the phenomenal rate of nearly two million packages a year, and the fact that it is so economically priced is largely responsible for this record. The 50c size contains three times as much as the 25c size. All dealers have it.—(Adv).

OUCH! RHEUMATISM! RUB THE PAIN AWAY

Stop drugging! Rub soothing, penetrating St. Jacobs Oil right into your sore, stiff, aching joints, and relief comes instantly. St. Jacobs Oil is a harmless rheumatism liniment which never disappoints and cannot burn the skin.

Get a 35 cent bottle of St. Jacobs Oil at any drug store, and in a moment you'll be free from pain, soreness and stiffness. In use for 65 years for rheumatism, sciatica, neuralgia, lumbago, backache, sprains.—Adv.)
